

CELLULOSE
CHALLENGE

CELLULOSE VALLEY INNOVATIVE PACKAGING CHALLENGE

Free registration, in teams,
until June 15, 2024

REINVENTING PACKAGING WITH CELLULOSE

CELLENCE is a competition proposed by the **Cellulose Valley Chair**. The aim is for **teams** of 2 to 10 people to design **recyclable rigid packaging** made from at least **80% cellulose**, not primarily intended for reuse. Each team has to propose an innovative packaging with the **mechanical and barrier properties** required for the applications in question. To achieve this, a **functional prototype** must be produced. Cellulose Valley offers support in the form of **two remote meetings** for the duration of the project.

APPLICATION FORM

The application must include the following documents:

A digital poster

A 5-minute video

A 10-page maximum report

AWARD

The winning team will receive:

1 000 €

A period of exchange with one or more of the Chair's industrial partners, and production of the prototype if feasible

Participation at a one day community meetings at the Cellulose Valley Chair
